

OUR VALUES

RELATIONSHIPS: We create and maintain mutually beneficial, long term relationships with customers, suppliers and team members that are based upon honesty and trust.

PEOPLE: We are self-motivated people who take responsibility to develop ourselves, our teams and the company. We celebrate our achievements and seek to inspire each other.

TEAMWORK: We all work together in an ethical, practical, reliable and safety conscious manner to serve our customers and each other. We all pitch in and no job is beneath any team member.

IMPROVEMENT: We innovate to produce efficiencies, cost savings and smarter work solutions in order to maintain a fair and reasonable profit while adding value for our customers. We are committed to improve all we touch within our industry and our community.

PRODUCTS AND SERVICES: We produce consistent products to meet the quality expectations of our customers. We actively create solutions that are currently not apparent in our customers' businesses and add value by providing practical cost saving services.

SUSTAINABILITY: We act to positively and thoughtfully impact our region's land, considering economic vitality, environmental responsibility and the well-being of our people and community.
